

**FIRST TIME**  
IN PAKISTAN

THE ALL-NEW  
WALL MOUNT TYPE  
AVR SERIES  
SUPER SLIM DESIGN

**DIGITAL AVR**  
**HIGHLY PROTECTED**  
FOR HOME & OFFICE APPLIANCES

**Features:**

- Easy installation wall mount design
- Heavy duty high efficiency transformer
- Zero cross transfer technology
- Very fast voltage correction without break
- Line noise filter
- Spike/surge protection
- Over voltage cut off
- Under voltage cut off
- Overheat cut off
- Delay output protection
- Generator compatible
- Smart Cooling Ventilating Fan

· Suitable for Split Air Conditioner, Refrigerator, Deep Freezer, LCDs, TV, Fans, Tube Light & Various Electronic Items

**Specification:**

- Display: digital display to indicate input voltage & output voltage
- Indicator: green LED for in-line, yellow LED for delaying, red LED for protecting
- Input Voltage : 150-260V (120-260V/100-280V/88-280V optional)
- Input Frequency: 50/60Hz
- Output Voltage: 220/230V ±8%
- Delay Time: 6 Seconds
- Efficiency: >97%
- Protection: over voltage, under voltage, overheat, surge/spike, overload(optional)
- Operating Temperature: 0°C-60°C
- Operating Relative Humidity: 0-90%, non-condensing
- Noise: <45dB

Model No.	Capacity
Slim 1000	1000VA
Slim 2000	2000VA
Slim 3000	3000VA
Slim 5000	5000VA
